

# MONTROSE CHRISTIAN SCHOOL SUMMER PROGRAM

Montrose Christian School offers a program of summer mini-courses to enhance students' skills and improve their chances for academic success in the upcoming year. The academic camps, in addition to the summer reading and mathematics assignments, are designed to prevent the loss of knowledge and skills that students experience every summer. It is strongly recommended that students enroll in the academic camps, especially in areas where they may have experienced difficulties or where their skills might be weak. It is our intention to offer a more demanding program, which will provide better preparation for college. Students will be well-served if they are challenged and stretched intellectually, and the camps will better equip them for the challenges to come. Those students who attend the camps will have a decided advantage over those who do not.

Please submit the enclosed registration form with payment by July 2, 2010.
